

Romit Dasgupta

LinkedIn: <https://www.linkedin.com/in/romitdg>

Romit Dasgupta is a serial entrepreneur who at the age of 23 (2002), did his first tech start-up in New York and built it into a multi-million dollar enterprise with Fortune 500 clients. In 2007, he joined his family business, Globsyn Group having business interests in Education, Technology, Vocational Training and Real Estate. He brings a global outlook, strategic vision and a profound passion for institution building to all his ventures. In his recent role as the MD of Globsyn's technology business (Artificial Intelligence & Fintech), he was instrumental in scaling its operations from 50 to over 2000 people in India & abroad. He is an Angel Investor & plays an active role in

mentoring start-ups. Romit moved to UAE in 2019, to expand his business interest in the area of Artificial Intelligence, Machine Learning, and Fintech. He currently lives in Dubai (UAE) with his family. A board member of TiE – Dubai, Romit is also the Director of their mentorship program helping to nurture the next-gen budding entrepreneurs.

Romit is an authority in the area of Artificial Intelligence & Machine Learning and has been a speaker at various seminars and forums including TiE, Indo-American Chamber of Commerce, the House of Commons (UK) and GITEX (UAE). His team building and people skills have seen him taking up leadership positions in several youth organisations including CII-Young Indians, the Youth wing of Confederation of Indian Industries, which he led as its Chairman (Kolkata, India).
